David Spielman is the Managing Director of Healthcare Compliance at Affiliated Monitors, Inc. (“AMI”). He came to AMI after serving as the chief ethics and compliance officer and in-house counsel for a regional health care system for 15 years and proving the value of an effective compliance and ethics program to internal stakeholders and external overseers on an ongoing basis.

At AMI, Mr. Spielman combines a practical approach with a passion for maximizing opportunities for improvement to his work as an independent reviewer and monitor. Mr. Spielman is handling a number of different monitoring matters, such as:

- Serving as the Quality-of-Care Reviewer (Monitor) of a skilled nursing facility under a Voluntary Monitoring Agreement for the Medicaid Fraud Control Unit for the State of Maryland.
- Consulting for the New Hampshire Attorney General’s Office in connection with monitoring conditions imposed in approving Dartmouth-Hitchcock Health System’s Acquisition of Valley Regional Healthcare.
- Overseeing, as the Independent Review Organization, three distinct Corporate Integrity Agreements entered into by OIG HHS: one involving a skilled nursing facility, and two with Medicare Advantage Organizations.

Mr. Spielman’s previous experience includes serving as an Assistant Attorney General for the State of Vermont, as a trial lawyer who defended healthcare providers and facilities against claims of alleged medical malpractice and licensure violations. Prior to joining AMI, Mr. Spielman served as Vice-President of Corporate Integrity and Compliance and Associate General Counsel at Exeter Health Resources, a regional healthcare system in Southern New Hampshire that is a first-tier entity of Beth Israel Lahey Health. In this capacity, he oversaw the implementation and operation of effective compliance and ethics programs across the system.

Mr. Spielman graduated *magna cum laude* from the University of Vermont. He earned his *juris doctor* from Georgetown University Law Center, where he served as a founding member of and a Topics Editor for the Georgetown International Environmental Law Review.
